Acorn Banner Tutorial

HOOP TEARAWAY OR CUTAWAY STABILIZER

Placement stitch	Lay piece of tan colored felt over placement lines and stitch tack down stitches. Trim close to bottom of felt piece	Lay piece of brown colored felt over placement lines and stitch tack down stitches. Trim close to top of felt piece	Sew zig zag stitches	Optional: Sew leaves	Decorative stitches

Optional: placement stitch for ribbon stem	Fold piece of ribbon in half and secure the cut ends to the back of the hoop. Sew tackdown stitch.	Use outline thread color to sew this step.	Turn hoop over and add a piece of felt to back of hoop and pin in place. Return to hoop and sew.

Remove from hoop and trim around the edges, taking special care around the ribbon stem.. Using a safety pin, thread ribbon or rope through the two openings.

Optional: Heat seal the edges to increase durability.
