Bat Banner Tutorial

HOOP TEARAWAY OR CUTAWAY STABILIZER

Placement stitch

Lay piece of felt over placement lines and stitch decorative stitches

Use outline thread color to sew.

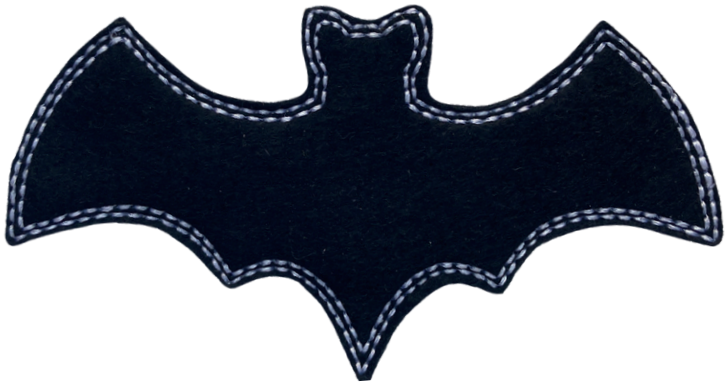

Turn hoop over and add a piece of felt to back of hoop and pin in place. Return to hoop and sew final step.

Remove from hoop and trim around the edges. Using a safety pin, thread ribbon or rope through the two openings.

Optional: Heat seal the edges to increase durability.
